Shirly creates a treatment plan utilizing her extensive education. Each client receives a customized plan that is most appropriate for him or her. Shirly's clients break unhealthy patterns in just a few sessions and make the changes necessary to be on their way to improved health on all levels.

There are many practitioners out there, there is only one Shirly Gilad with her graduate education in behavior, nutrition, family nursing, homeopathy and a hypnosis certification. Other than Behavior Analysis, all other interventions are not behavior-anal
